Skills / Grammar:

We will be reviewing gender of nouns with this theme identifying the correct articles that should go in front of the word (el, la) (un, una)

We will use the verb *es* (is) to identify what they are and we will work on describing the animals with adjectives we already know.

Tips:

Take advantage of the many north-pole themes events that will be taking place during the winter and use them as an opportunity to review vocabulary.

Have children identify items from our vocabulary list in winter movies they watch in Spanish.
