Las Formas

Shapes

Overview:

We are learning our shapes for this session and reviewing our colors along with them as well. We will identify shapes by their name, describe them by the number of sides and corners they have and also learn vocabulary for everyday items that are the different shapes we are talking about.

Vocabulary:

Formas -Shapes

Círculo - Circle

Cuadrado - Square

Triángulo - Triangle

Rectángulo - Rectangle

Óvalo - Oval

Rombo/ Diamante -Rhombus/ Diamond

Estrella- Star

Medialuna - Crescent/Moon

Pentágono - Pentagon

Corazón - Heart

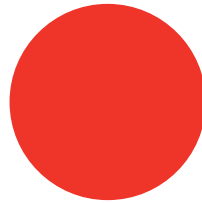

Octágono - Octagon

Lados - Sides

Esquinas - Corners

Largo - Long

Corto - Short

Grammar:

Verbs we will be using and examples...

Tener- (to) have

Example: El cuadrado tiene cuatro lados.

The square has four sides.

Es - is

Example: Es un círculo.

(It) is a circle.

Veo- (I) see.

Example: Veo muchas estrellas.

I see lots of stars .

Practice tips:

- Point at different shapes and have your child identify them.

- Play "I spy" (Veo, veo) and mention something that is a certain shape and color (in Spanish) and have your child identify it.
